Post-graduate experience and training in pre-purchase examination:

I am the principal of equine practice since 1978 (27 years). Pre-Purchase Examinations are one of our most common accessions for the clinic. The clinic would carry out up to 100 Pre-Purchase Examinations per year. Experience across all disciplines of equine activity but mostly sporting horse types. We have experience in a range of complex ancillary Pre-Purchase Examination diagnostic services, flexion tests and lameness examinations.
