

THE AUSTRALIAN STOCK HORSE SOCIETY LIMITED

ASHS Temporary Membership Fee Structure as of 1st August 2019

Adults - \$50
Youth (Under 18yrs) - \$20

Some Branches will still have old Temporary Membership Application & Receipt books but please make sure that all Temporary Memberships taken from the 1st August 2019 are processed at the fees above.

Temporary Memberships are designed to offer new people the opportunity to "come and try" with the intention to encourage these participants to join the Society so that they can continue to compete and potentially get involved at all levels of the ASHS. People who take out a Temporary Membership are entitled to join the Society at a discounted rate when they take out a new Full or Youth membership with the Society within 6 months of the event. The Temporary Membership receipt must be submitted with the Membership Application.

- Temporary Memberships are not permitted at State or National Level events.
- Temporary membership does not change the competition eligibility of a horse. For horses to be eligible to compete (where applicable) they must be owned by a current Financial Member of the ASHS.
- To comply with affiliation requirements ALL participants/competitors must have signed a Waiver which means they are current Financial Members of the ASHS or have completed a Temporary Membership at the event.
- A Temporary Membership covers the duration of a single event only i.e. 2 day Branch Show, 1 day training day, 3 day Clinic.
